### OVERVIEW

CompQsoft, Inc. (CQS) is a HUBZone small business based out of Houston, TX with an office at Leesburg, VA, with more than 20 years of experience in IT and communications systems deployment, sustainment, and O&M. CompQsoft offers the full range of Information Management (IM) services including program and project management; data cleansing, migration and fusion; business intelligence, analytic applications and solutions; software development, integration and support; operations and maintenance (O&M); independent test, validation, verification and evaluation; management support services; training, communications and outreach support services; engineering design development and implementation services; service desk support; and mobile device and mobile application management solutions. The best planned programs are those built on the best practices and standards of their industry. CompQsoft has expertise and, where appropriate, certifications in ISO and the SEI CMMI. These are best of breed standards for guiding the planning and execution of a quality program.

CompQsoft is an ISO 9001:2015, ISO 20000-1:2011 & ISO 27001:2013 as well as CMMI Level 3 Certified (for both Services and Development) company; CompQsoft is also a certified SAP services partner, Certified IBM Business Partner with a global infrastructure that enables us to deliver cost effective and innovative solutions.

### Core Capabilities:

- SAP and Oracle Peoplesoft implementations, O&M
- Data Cleansing/Migration
- IT Infrastructure Integration and Support
- Cyber Security
- Cloud Migration Services (AZURE, AWS, Google Cloud)
- Software Design & Development
- Independent Test & Evaluation
- Training Development and Delivery

### Functional Expertise:

- DOD Supply Chain Management
- Warehouse & Distribution Management
- DOD Financial/Funds Management
- Pay and Personnel

### Corporate Offices :

## EXPERIENCE

### CDC – Centers for Disease Control and Prevention MASO:

Supported CDC in planning, design, development, testing and deploying of the Policy Management application on Development, Stage and Production environments, in accordance with Information Assurance guidelines, 508 compliance, industry best-practices and Information Technology requirements. Developed complex web-based software applications involving new technologies, methods, concepts, or approaches. Develop diagrammatic plans and design logic to implement computer programs; IT systems and procedures in support of technical, administrative and information management functions and operations; Automated the Policy approval workflow; developed a user interface to integrate the workflow; Improved user interface and application performance.

### Social Security Administration (SSA)

**ITSSC2:** Provide Agile team support to include: Agile Coaching, project management/scrum master, automated testing; business operations, analysis and reporting, DataCenter IT hardware, Desk-side Support, mainframe developer, and development front, middle and backend team.

**Department of State** – subcontractor to SAIC supporting IT and Telecomm – other IT and Telecommunications working within the Vanguard 2.2.1 program Enterprise Security Office (ESO), supporting assessment and authorization (A&A) of major applications and the Information Assurance (IA) office to include SCA findings.

**Internal Revenue Service (IRS) sub to IBM:** supports the Return Review Program, a unified system integrated into IRS's modernized infrastructure for detection of fraudulent returns and refund fraud schemes.

### US ARMY General Fund Enterprise System:

**GFES:** ERP solution built on SAP, (COTS) system. One of the largest SAP implementations with over 80000 users at 200 locations worldwide. Provide software development life cycle. Supported GRC (Governance, Risk and compliance) practices, project systems, Plant maintenance, Material Management, Spending Chain, Sales & Distribution, Financials, Equipment & Assets and integrating/deploying the same with other DoD systems. Develop training materials, metadata standards; and report training material metrics.

**TEWLS:** is an information technology system within the Defense Medical Logistics – Enterprise Solution (DML-ES) portfolio. The DML-ES portfolio provides a continuum of medical logistics support for the **Defense Health Agency**. TEWLS consolidates numerous military logistics functions into a single application and database. Provide complete software development life cycle in implementing this system. Consolidated multiple medical logistics functions into a single portal System supports Warehousing of medical material, Material distribution and transportation, Creation and management of medical assembles Instantaneous data-sharing among Department of Defense logisticians worldwide.

### Joint Interoperability Test Command (JITC)

**Mission Support Services (JMSS):** Prime contractor providing support to mission systems, including cybersecurity service, cyber incident response, and vulnerability management of 40 servers and 400 users' endpoints on Unclassified but Sensitive Internet Protocol Router (NIPR) and Secret Internet Protocol Router (SIPR). We develop and manage several JITC mission applications, including performing vulnerability testing of web-based applications. We maintain the JITC SharePoint Portal.

### NAVY Integrated Personnel and Pay System

**(IPPS-N)** Support the Navy's BPR efforts, identifying functional requirements incrementally, perform analysis across personnel systems using formal, standardized processes and procedures to determine the best Course of Action (COA) to satisfy the requirements. We support utilization of benchmarking methodologies to assist the Government in requirements analysis against industry standard consists of a concise problem/requirement statement, gathering of process data and making assumptions relevant to the requirements, analyzing business process re-engineering results and performing additional lower level business process engineering if necessary, We identify potential COAs, development, and application of evaluation criteria and selection of the most viable COA for the requirement and integrating several supporting analyses, such as Function Point (FP) and/or cost-benefit analyses. We support requirements analysis activities in support of systems consolidation planning and preparation and Fit/Gap activities to validate and map RHS requirements to Oracle PeopleSoft HCM v.9.2 **Client: Texas Department of Family & Protective Services Network** Supported this web based application project by providing application and system testing services and reporting.

We analyzed system requirements, performed application testing to ensure all programs developed by the agency met the design specifications and standards prior to release by identifying the test case functionalities be automated and enhance the test scripts to perform functional and system integration tests on the deliverables.

### Client: North Carolina DHHS

### Project: ACTS (Automatic collection tracking system) for Child Support

**Enforcement** Supported the development and integration of the ACTS system, based on CICS transaction process, to the child support and intranet e-commerce portals by developing the programs as per client requirements in TELON environment. The program development was done primarily on COBOL, DB2 with the integration and enhancements provided on WebSphere.

### Client: Public Health services (PHS)

### Migration and maintenance of PHALCON

**System:** Upgrade and migration of Oracle front-end application and PowerBuilder back-end database. We assisted PHS to migrate Oracle 7.3 to v9.0.1 and PowerBuilder 7.0 to v9.0, developed enhancements to the system, used for patient management and services, as per user requirements. The technology was client-server architecture on Windows OS involving object-oriented design, PFC, stored procedures.

**NGEN (NAVY):** The Next Generation Enterprise Network (NGEN) represents the continuous evolution of the Department of the Navy's (DON) enterprise networks and provide secure, net centric data and services to the Navy and Marine Corps personnel. Cyber security, Net Ops specialist, Enterprise Service Desk Services in various CONUS & OCONUS locations.

### DISA Joint Services Provider's Audio

### Visual and Video Teleconferencing:

Provide procurement and installation support, asset and inventory management, software development, sustainment, help desk, operations, systems engineering, enterprise architecture, and program management support for the Audio Visual and Video Teleconferencing (VTC) capabilities at the Pentagon and the Marc Center Alexandria. JSP's managed IT and enterprise systems supports over 42,590 users at Supported Agencies (including 28 Presidential Appointees needing Senate confirmation (PAS), hundreds of Senior Executive Service (SES) leaders, and Flag and General Officers. Provide unique requirements across four primary networks, in support of ~ 75,000 assets at 97 locations, comprised of 98 mission-specific applications.

### Corporate Offices :

505 N Same Houston Pkwy, Suite 682, Houston, TX 77060

Phone: 703-344-8445 Fax: 281-968-2077 (Top Secret Facilities Clearance)

### Leesburg, VA Office:

161 Fort Evans Road, Unit 225, Leesburg, VA 20176

Phone: 703-777-5499 Email: laura.glynn@compqsoft.com

### PROGRAM MANAGEMENT

- Program/Project Management
- Management, Scientific, and Technical Consulting Services
- Metrics Support (SLAs, KPIs, QASP, EVM)

### APPLICATION DEVELOPMENT & MAINTENANCE

- Agile Development
- Application Development, Operation and Maintenance
- Software Development (.NET, C#, C++, Java, Oracle, SQL, and UNIX)
- Independent Verification and Validation (IV&V)

### DATA MANAGEMENT

- Analytics
- Database: Management, Administration, Design and Development
- Data Extraction, Transformation and Loading

### SYSTEMS ENGINEERING & INTEGRATION/ ENGINEERING & SCIENTIFIC

- System Engineering and Analysis
- Integration
- Technology Assessment, Evaluation & Upgrade (Modernization & DME)

### ENTERPRISE SECURITY SOLUTIONS

- Information Assurance
- Cyber Security
- Security Planning and Analysis Support

### HEALTH & INFORMATION TECHNOLOGY

- Affordable Care Act (ACA) – IT Services
- Enterprise Applications
- Enterprise Infrastructure Maintenance & Solutions
- Web and Portal Systems Development, Integration, Maintenance, and Management
- Operations & Maintenance (O&M)

### BUSINESS PROCESS IMPROVEMENT

- Business Process Reengineering
- Change Management
- Asset and Configuration Management

### WORKFORCE KNOWLEDGE & EMPOWERMENT SERVICE

- IT Training
- Executive and Leadership Development
- Customized Training Solutions and Facilitation

National Awards from HUBZone Contractors National Council; Morgan State University; Minority Access, Inc.; and American Public Health Association (APHA)

**Delmock Technologies, Inc. (DTI)**  
**GSA IT 70 Schedule GS35F0398R**  
**8(a) JV HUBZone: RELI-DTI LLC**

### Delmock Technologies, Inc. (DTI)

Do business with NITAAC and you'll learn one thing quickly – the customer always comes first. We've geared our operations around your needs. Whether you're just beginning a solicitation and need help with research, or you've already placed a task or delivery order on one of our vehicles, NITAAC is committed to making sure you get answers faster, so you can keep your acquisition on track.

### Value

Agencies can use this Best-In-Class contract to make smart buying decisions that eliminate redundancies, increase efficiencies, and deliver more value and savings.

### Quality

Best-In-Class contracts are designated by OMB after meeting the most rigorous performance standards. Making CIO-SP3 Historically Underutilized Business Zones (HUBZone) track a key acquisition tool. FAR guidance is built into the system, which can be used to manage every phase of the procurement process.

Order Contract#: HHSN316201800045W

For more detailed guidance, please contact the Customer Support Center 1-888-773-6542 or email [NITAACsupport@nih.gov](mailto:NITAACsupport@nih.gov). NITAAC's secure, web-based electronic government ordering system (e-GOS) for competition management and awardee selection assists with streamlining the procurement process.

# DTI's Representative Experience and Benefits

## Program Management

Benefit: Proven history (CPARs rated EXCEPTIONAL) of collaborating with stakeholders to develop trusted partnerships through performance based contracting and Integrated Project Teams. *DTI implemented Integrated Company Teams using metrics (SLAs, KPIs) to lower client costs by 20% on O&M and Agile projects.*

## Application Development & Maintenance

Benefit: Expertise includes development, test, integration, implementation of custom developed infrastructure application & interfaces (e.g., SiteMinder, CA Directory (eTrust), WebSphere, JAVA, Oracle, Business Objects, SAP, and MQ Series); COTS software, 24x7x365 Help Desk spanning diverse geographic locations throughout United States. DTI provided quick reaction authority and highly responsive technical teams to meet (exceed) mission needs and priorities. *Robust technical expertise resulting in 99.5% rating in level 1/2/3 trouble ticket support.*

## Data Management

Benefit: Develop, implement, integrate, operate and maintain analytical applications using BI solutions and associated techniques for Enterprise Data Warehouse; Products: Amazon Redshift, IBM Netezza, SAP Business Warehouse, Relational Junction, GreenPlum. *Successfully collected all metrics and project data through ETL.*

## Health & Information Technology

Benefit: Expertise in health IT infrastructure that ensured systems availability and reliability for ACA applications across the United States, resulting in recognition by IRS Chief Technology Officer (CTO), for excellence. DTI SMEs have demonstrated excellence in the implementation and integration of quality solutions that support IT, healthcare and financial systems nationwide, including initiatives like the National Data Centers Consolidation. *Performed healthcare IT research/studies/analysis and provided operational, technical, and maintenance services for systems, subsystems, networks and equipment which interface with information systems throughout the Federal Government including HHS, CMS, State agencies, as well as, a wide array of Pharmaceutical outfits.*

**NAICS Codes:** 541511 541512 541513  
541519 541611 541618 541690 541990

## Sample Clients

U.S. Departments: Health & Human Services, Treasury, Education, and Commerce; Washington Suburban Sanitary Commission (WSSC); IBM; and Northrop Grumman.

## Enterprise Security Solutions

Benefit: Security transition and continued operations; maintained labs, protected digital assets for millions of users; implemented rigorous standards and procedures (HIPAA, PII, FISMA, NIST, NIACAP) required for specified mission/business IT-enabled capabilities including software embedded in hardware devices. *Security solutions which have countered technological threats: managing risks, prioritizing threats, and preventing cyber crime.*

## System Engineer Integration/Engineering & Scientific

Benefit: 12+ years of experience supporting major modernization efforts: software engineering and integration for middleware infrastructure and various enterprise business applications along with client-servers, web-based and virtual cloud computing architectures providing a Forward Looking Approach which transformed, modernized, and continuously **improved service delivery and clients' satisfaction.** *Certifications: CMMI-DEV/SVC L-3, ISO, ITIL, etc.*

## Business Process

Benefit: Implemented tailored SDLC, Agile & ITIL frameworks, which used incremental risk based approaches for different types of IT programs and projects. *Our approach is anchored in communication, collaboration and improved transparency which allowed the SMEs to create various IT Service Catalogs (ITSM based).*

## Workforce Knowledge & Empowerment Service

Benefit: SMEs who served as *thought leaders* bridging the **gap between the current "As-Is" and future "To-Be" state** of applications, databases, operations and maintenance services. *Reach back to Industry's Thought Leaders -- DTI has formed Technology Innovation Councils with its partners to ensure that stakeholders have cutting-edge solutions for their current and emerging IT challenges. Morgan State University's partnership consist of interdisciplinary informatics (i.e. education, research, and clinical), training, visual analytics, and smartphone app development.*

## Sample Prime Contracts

Middleware O&M and Software Development (36.5M), WSSC (16M), Enterprise Life Cycle Support (4.6M), ACA Information Returns Software Development Staff Supplement (4.4M), File Transfer Maintenance Support (4.2M) Enterprise Security Audit Trails Program Support (5M), Cybersecurity, Project Planning, Investments & Governance Program Support (4.5M) & SharePoint (4M)

FEFA brings a stable history of established processes, proven capabilities, and corporate resources coupled with highly relevant experience in biotechnology, U.S. and international regulatory guidelines, research and development support, veterinary care and animal husbandry, and clinical research support. FEFA is an SBA Certified HUBZone firm that is also ISO 9001:2015 Certified. We have an established process for meeting and exceeding client expectations.

### Regulatory Compliance

Providing support to ensure compliance with national and international regulations and guidelines from the FDA, OHRP, ICH-GCP EMA, as well as state and local policies.

### Clinical Research

Research coordination and participant care services are offered for a variety of studies. Qualified staff with years of experience conducting projects scientifically, ethically and reliably.

### Animal Research

Animal husbandry services performed 7 days per week, 365 days per year. Also providing animal health monitoring, surgical assistance, veterinary care, and facility management.

### Laboratory Equipment

A distributor of high-quality laboratory equipment for the scientific community. We work closely with manufacturers to guarantee the successful performance of products for scientific research in broad areas.

#### Additional Services:

##### Subject Matter Experts

- Scientific and Technical Experts
- Regulatory Affairs
- Statisticians
- Biostatisticians
- Clinical Research Analysis and Review
- Data Management
- Scientific and Technical Writing
- Site Visit Observation Reports

##### General Services

- Database Administration
- Interactive Media and Multimedia
- Records Management
- Organizational Development
- Standard Operating Procedures
- Strategic Planning
- Strategic Sourcing Analysis
- Technical Assistance and Development
- Work Process Analysis

##### Additional Service Areas

- Staffing Support
- Scientific Equipment Maintenance and Service
- Pharmacovigilance & Clinical Safety
- Statistical Analysis & SAS Programming
- Quality Assurance
- Subject Recruitment
- General Scientific and Research Support
- Communications Services

Our past experiences of delivering quality solutions have included clients in both the commercial and federal sectors. The most visible and meaningful measure of customer satisfaction are positive feedback and a willingness to renew contracts year after year with FEFA.

Key Clients include a Diverse portfolio of Federal Customers:

- U.S. Environmental Protection Agency
- The National Institutes of Health (NIH)
- Department of Defense (DoD)
- U.S. Food and Drug Administration
- Multiple Corporate Partners

DUNS Number: 135174832  
8(a) Partners  
CAGE Code: 3HA49

NAICS Codes:  
541690, 541711, 541712, 541720, 541940, 541990, 561110,  
334516, 339112, 541611, 518210, 541511, 541512, 541513

With full-service expertise and small-business responsiveness, FEFA senior scientists and biostatisticians, along with project managers and support staff, collaborate on study development, implementation, operations, data analysis, and reports. The staff supports our clients so they can deliver results in an efficient and cost-effective manner.

### Division of Cancer Research and Training

Designed to include an administrative, research, planning and evaluation, and developmental core, all of which encompass programs that focus on the biology, etiology, prevention, detection, diagnosis and/or treatment of human malignancies.

### HIV/AIDS

Providing both International, National and Community HIV/AIDS research. Our researchers fight the HIV/AIDS epidemic by studying the behavioral and clinical aspects of HIV/AIDS prevention and treatment. Our leadership and commitment to research have substantially advanced the understanding of and fight against the HIV/AIDS epidemic in underserved communities. Our international research has included areas such as Angola, Rwanda, Belize and Jamaica.

### Clinical Translational Research Center

FEFA has access to a facility that is located in 5,000 sq. ft. outpatient and administrative unit with seven exam/treatment rooms, a processing laboratory and a dedicated consultation space for study participant interviews. We provide cardiovascular and metabolic assessment resources, a site dedicated pharmacist, negotiated lab fees for assays, and participant transportation. The Center offers additional conference room spaces and houses both Morphometry and Core Laboratories. Our clinical staff is knowledgeable and skilled in protocol implementation, data collection, phlebotomy, IV insertions, pharmacokinetic studies, administration of investigational drugs, multiple sample collection, Oral Glucose Tolerance Tests, glucose clamp studies, EKGs, and assisting investigators with minor bedside procedures. Pharmacy services include procurement, disposal, packaging, randomization and dispensing. Currently the center services seven actively recruiting studies in the areas of HIV/AIDS, Cancer, Social/Behavioral and Cardio-metabolic Research.

### Animal Husbandry and Veterinary Support

FEFA employees perform tasks that include animal husbandry services on a seven days per week, 365 days per year basis. We also provide animal health monitoring, surgical assistance, veterinary care, and facility management. In the following subsections, we document our broad experience and expertise in providing animal husbandry, facility management, technical support, surgical support, veterinary care and health surveillance, transportation, and logistics and inventory management support services.

### Biomedical Informatics

This core facility provides support in informatics applications in the areas of image transmission and display, video teleconferencing, and multimedia databases between participating institutions, using a high-speed network infrastructure and paved the way for joining "Internet 2". Information technology (IT) infrastructure is also useful acquiring, indexing, archiving, and extracting content (e.g., data mining) from large volumes of data.

### Translational Science Research

Our team science activities are supported by eleven core functions: Biomedical Informatics; Community Engagement; Clinical and Translational Research Center; Research Design and Biostatistics; Evaluation; Innovations and Partnerships; Pilot Program; Regulatory; Research Education and Training; and two Technical Core Laboratories.

### Elimination of Cancer Health Disparities

Numerous research projects are currently being conducted by the our staff, including basic laboratory research, community outreach and engagement and clinical trials activities.

### Site Management and Monitoring

Geographically dispersed, experienced clinical research associates are well-versed in design, implementation and collection, and their analysis methods provide in house support to clinical sites for all study activities including initiating sites, performing interim and closeout monitoring, and ensuring regulatory compliance.

### Laboratory and Scientific Equipment

FEFA serves as a distributor of high-quality laboratory equipment for the scientific community. We work closely with manufacturers to guarantee the successful performance of products for scientific research in broad areas. FEFA strives to provide innovative, cost effective products, and support to ensure complete satisfaction for our customers.

# Inoventures Success Stories

## Cloud Solutions

U.S. Department of Commerce  
US Census Bureau

Inoventures is partnered with the Census Bureau through 2023 to develop software, assist with cloud migration, operations testing and control. At the Census Bureau, Inoventures employs state-of-the-art database and geospatial analyses to support the Bureau's 2020 Census initiatives. Our data analysts work on boundaries for legal and statistical entities and we are helping the Bureau in transitioning applications to the Oracle cloud environment.

## Application Development

National Institute of Environmental Health Sciences  
National Toxicology Program (NTP)

Inoventures is responsible for redesigning UI, defining user experience, mapping information architecture and user interactions. Inoventures team works closely with Information Technology Resources Advisory Committee ITRAC while designing interfaces for mobile and desktop web applications.

## Information Security

Federal Deposit Insurance Corporation (FDIC)

At FDIC, we provide requirements analysis, life-cycle analysis, information technology security support and database management. We assist in various aspects of applications monitoring and security management for over 40 applications. Our support includes tasks from computer security, trouble shooting to help desk management with mobile apps, ADP and Wolf systems.

Financial Industry Regulatory Authority (FINRA)

Inoventures' team develops trading information for FINRA's Blue Sheet data files. These files provide daily trading/account information to SEC with intricate analyses of every US financial firm's trading transactions on a daily basis.

We use Premise Oracle, Big Data, Postgres SQL on AWS Cloud, Angular JS, Java Messaging Service on SQS, SNS on AWS Cloud

## Systems & Software Engineering

U.S. Environmental Protection Agency  
Office of Research and Development

Inoventures provides software engineering support to the Office of Research and Development. The software engineering specialized scientific support services team provides flexible, innovative, and cost effective information technology solutions to the EPA and partner user communities, Federal and State agencies. Tasking includes modeling, software development, visualization, statistical correlation analysis, science and research support.

Hughes Network Open View Monitoring

Implement complex policies for monitoring many HP servers, network devices and Hughes applications in a highly technical environment. Inoventures' scope includes upgrading and patching of all HP Open View OMU/OML, enhancements of the Hughes servers, accurate systems engineering, management of alert messages and avoidance.

## Strategy & Management Consulting

U.S. Environmental Protection Agency  
Office of Water

Our team Designs and develops in/out-of-band data exchanges between the primacy Agency and Federal systems via web services. We provide Infrastructure Branch Support including the Compliance Monitoring Data Portal (CMDP), SDWIS Prime, Data Migration, and SDWIS APIs.

## Infrastructure Support

Verizon Business Analytics

Developed sophisticated CHAID segmentation models for the Verizon VISA group and helped them earn \$325M in portfolio assets by targeting right customers. Performed numerous data analysis and profiling models using SPSS and SAS programs for Verizon wireless and long-distance programs and established best-cost and innovative algorithms that continue to increase revenues for Verizon.

## MPF Federal Government Services

MPF Federal offers cost effective and innovative solutions that leverage decades of extensive experience by a team of professionals. These professionals are experienced in supporting requirements at government facilities and have an extensive and highly successful history of performing support for satisfied customers across the country.

## Professional and Management Support

**MPF Federal is committed to providing** a full spectrum of professional services. MPF's approach results in cost-effective solutions which are of strategic value to our customers and provides a rewarding work environment for our greatest assets, our employees. MPF recruits specialized talent with a full range of expertise.

**MPF maintains the ability** to recruit and deliver professionals with the security clearances across a wide variety of professions, saving you significant time and recruiting costs. We offer Direct Placement, Contract-to-Hire, Program Management, Project and Surge Staffing Solutions.

## Value-Added Capabilities

- **Project Management Office (PMO).** MPF is dedicated to servicing complex Federal Government programs.
- **Technical and Professional Personnel.** MPF provides professionals in nearly every Industry and Discipline.

## Quality of Service

- Our most distinct advantage is the quality of the services we provide.
- Our professionals have met the most demanding standards in the industry
- We have standardized Quality Control and Quality Assurance procedures
- All projects are management by industry experts and overseen by senior management

# MPF Federal, LLC

**Government**

**Medical Solutions**

**8(a) - HUBZone - WOSB**

## Federal Government Service Center

### MPF's dedicated Federal Government Service Center

- Centralizes the resources needed to manage Federal Government contracts
- Offers complete Task Order management
- Monitors the terms of contract to maintain compliance with the U.S. Department of Labor (DoL) Service Contract Act (SCA), Federal Acquisition Regulations (FAR's), and discretionary time policies

## Ability to Recruit Qualified Experts

Through our professional services, you'll experience the following advantages:

- ✓ Promptly staff, even the most challenging positions. We hire the right people with the right skills and experience for the job.
- ✓ Successfully provide highly knowledgeable and skilled personnel to support all requirements.
- ✓ Actively monitor personnel performance in challenging mission critical environments. Provide ongoing training and development opportunities to our employees for continued job satisfaction.
- ✓ Effectively retain the most qualified staff despite demanding shift work, travel, and the competitive environment for qualified personnel.

## Contract Vehicles

 CMP

Resolution Think is a small business. We are an Economically Disadvantaged Woman-Owned Small Business (EDWOSB), Woman-Owned Small Business (WOSB), HUBZone certified, minority-owned, and certified as a Small, Women-owned, and Minority-owned Business (SWaM) in the Commonwealth of Virginia. Our principal office is located in Newport News, VA while also maintaining satellite locations in the Washington DC metropolitan area.

Founded in 2013, we provide solutions that improve performance by delivering management, technical and instructional delivery support for all phases of the systems acquisition and sustainment life cycle. Our expertise lies in building the right team and recruiting the key personnel to succeed in a diverse range of IT services. We focus our processes in the software development life cycle (SDLC). Using a team approach that is embedded throughout the implementation process, we work with partners to support our client's success.

Resolution Think analyzes your needs and applies experienced and knowledgeable solutions to resolve the problem.
