Promoting Efficient Spending

In accordance with the OMB Memorandum M-11-35 *Eliminating Excess Conference Spending and Promoting Efficiency in Government* dated September 21, 2011; and HHS Memorandum *HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications* dated January 3, 2012 (Revised June 7, 2012); and NIH Memorandum *NIH Guidance Related to the HHS Policy on Promoting Efficient Spending: Use of Appropriated Funds for Conferences and Meetings, Food, Promotional Items, and Printing and Publications* dated January 30, 2012 (Amended June 15, 2012), the following addendum is to be incorporated into all applicable award documents and any modifications issued after January 3, 2012:

Conferences and Meetings

The Contractor shall not use contract funds, (direct or indirect), to conduct meetings or conferences without prior written Contracting Officer approval.

Food including Meals, Light Refreshments and Beverages

The Contractor shall not use contract funds to conduct meetings or conferences without prior written Contracting Officer approval.

The use of contract funds to purchase food for meals, light refreshments, or beverages is expressly prohibited. Registration fees cannot be used to acquire food, light refreshments or beverages for NIH sponsored conferences or meetings.

NIH solicitations, funding opportunity announcements, contracts, and purchase orders for conferences or meeting space must specifically prohibit the inclusion of food and meals and state that food and meals are not to be provided and are an unallowable expense. In effect, when acquiring space to conduct conference meetings, the government may not accept food even if the space being offered would be the same cost with or without the food.

Promotional Items

The Contractor shall not use contract funds to purchase promotional items. Promotional items include, but are not limited to clothing and commemorative items such as pens, mugs/cups, folders/folios, lanyards, and conference bags that are sometimes provided to visitors, employees, grantees, or conference attendees. This includes items or tokens given to individuals as these are considered personal gifts for which contract funds may not be expended.

Printing and Publications

It is NIH's policy that printing and publication of hard copy materials be consistent with HHS and NIH missions, objectives and existing policies; represent the efficient and effective use of taxpayer funds; and withstand public scrutiny, while not creating barriers for the public in obtaining NIH information. Information should now be presumed to be provided in an electronic form, whenever practicable, permitted by law, and consistent with applicable records and retention requirements. The contractor should therefore limit the publication and printing of hard copy documents for internal and external use. This policy is in addition to existing statutory and regulatory requirements for Printing and Publications.

When the printing of hard copy documents is required in performance of the contract, the contractor shall adhere to the requirements of FAR Clause 52.204-4 Printed or Copied Double-Sided on Postconsumer Fiber Content Paper (May 2011) in solicitations and contracts.
