Password: 042314

2. Closing FY 2009 Expired Funds – Cristy Perrin, OALM and Munir Esmail, CIT

3. HHSAR Rewrite – Nic D’Ascoli, DSAPS

The Department has officially opened the comment period for the revised HHSAR. The [draft HHSAR](#) is available as a Word file for each part. If SAC members have any comments on the HHSAR Rewrite, provide your comments to [Simplified Acquisition email box](#) using the HHSAR Comment Matrix attached to the SAC meeting invite. All comments from SAC members are due to the [Simplified Acquisition email box](#) by NLT April 30, 2014.

Procedures, guidance, and instructions (PGI) have been removed from the document and have been set aside for future development. What remains in the HHSAR is only regulatory information. We are now moving to the comment collection period as we prepare the proposed rule for publication.

In making your comments, please note the following requests from the Department:

- Provide only SUBSTANTIVE comments that: 1) materially improve the HHSAR, 2) impact contractors rather than OPDIV/STAFFDIV specific items which are best handled in Sections C (Description/Specifications), G (Contract Administration Data), and H (Special Contract Requirements) of the uniform contract format.
- All comments must include recommended language to rectify identified issues.
- Each comment should be specific to (and cite) a HHSAR Part.
