

National Institutes of Health

HBCU Industry Day

Registration: www.surveymonkey.com/r/NIHHBCUID

The first day will consist of workshops pertaining to contract fundamentals while the second day will build upon the basics. Both days will provide comprehensive presentations and resources for attendees.

Workshop content will include:

Structuring a capability statement

How to get on a GSA Schedule

Subcontracting tips

Locating R&D contract opportunities

Tips for Successful Contract administration

NIH's Small Business Innovation Research and Small Business Technology Transfer (SBIR/STTR)...and more!

All HBCU participants will also have the opportunity to participate in matchmaking sessions with certain Federal agencies, prime NIH contractors and NIH Contracting Office. Matchmaking registration will open in February!

Event Logistics
